We addressed a request from the Ordinance Administrator for clarification of the definition of a "structure" in land use. A structure is "anything that is constructed or built from different interrelated parts with a fixed location on the ground". This means all structures (solar, wind turbines etc) would require meeting set back and placement regulations.

Meeting dates for calendar year 2022 are as follows, January 6, February 3, March 3, April 7, May 5, June 2, July 7, August 4, September 1, October 6, November 3 and December 1st.

Duquette informed us that he has not heard back from North Central Survey regarding our zoning maps.

Motion to adjourn by Gardner, supported by Donaldson at 7:35 P.M.
